ation Mangalore, Dated the 29th July 1929.

From. (Name) M. R.Ry. Dewan Bahadur M. Subba Rao Avgl.

(Designation) President, District Educational Council, South Kanara.

To The Secretary to the Government of Madras,

LAW (EDUCATION) Department.

Sir,

My office forms part of the block of Collectorate buildings which is about one mile away from the District Educational Officer's office. The Office of the District Educational Officer, has been connected with telephone connection and as my office has to correspond with that office as well as other offices of the Educational department, such as Mangalore Range Deputy Inspector, Sub Assistant Inspectress and Kanara Muhammadan Range Deputy --- Inspector's office, which are located in the same compound, then, I think, the Telephone connection from my office to that office will be more useful. The annual rent for this connection has been estimated to be Rs.150/-.

2. Though my office forms part of the Collectorate buildings and though the same connection has already been --- installed,, I doubt, I may not get the proper advantage, if my office is permitted to use the same.

3. I have therefore, the honour to request, that the Government may be pleased to accord sanction for connecting the installation of the Telephone to my office separately and to allot the amount to meet the annual charges of the same.

I have the honour to be,

Sir,

Your most obedient servant,

President.

2. Attention is invited to G.O.No.170 Mis Law Education dated 29- 1- 29. The proposal of the President, District Educational Council, South Kanara, is recommended Though a telephone would not appear to be an urgent necessity it is certainly desirable. The proposal will involve an additional expenditure of Rs.75 i. e for 6 months up to 31- 3- 30, under "office and establishment expenses" in the Budget Estimate of the Council for 1929- 30. It is reported that there is no fitting charge. The District

District Educational Council is unable to meet the expenditure from the allotment sanctioned in G.O.No.702 His Law Education dated 12- 4- 29.

D.E.C. South Kanara - Telephone installation

From the P.W.D. E.C. South Kanara

CRO 466 D.C.C. 29 dt 29.7.29.

The P.W.D.E.C. South Kanara is requested to state if the proposed installation of a telephone in his office is only by way of a connection to the telephone in the Collector's office, which is presumably connected with the general offices in the Collector's Establishment on a private branch exchange.

2. If there is such exchange, he is requested to state if the telephone in the Collector's office can also be used by the P.D.E.C. also ~~not in a position accessible to him~~

With regard to memorandum No. 3466-A.2, dated 25th September 1929? I have to state that there is no private branch exchange in the Collector's office. There is only one telephone connection which has to serve several revenue offices situated in the block of buildings known as the Collector's office. I am, therefore, of opinion that the President, District Educational Council should be given a separate telephone connection.

1 The PO EC's office is in the Collectors Office building which already possesses a telephone It is not clear whether he wishes to have an entirely separate telephone or to have his connection with the Collector's, if there is something in the nature of a private branch exchange on the Collectors Office. If there is not a PBE, the telephone is probably in a part of the office where it can be generally used by the Collector, T.D.C. Shanbhag etc. If so there seems no reason why the PDEC should not use it also Draft a letter to the PDEC

Previous note at p.2 Supra. 5-11-29. I was myself doubtful regarding the necessity for a separate telephone, but supported the proposal in view of Mr. Wells recommendation. It may perhaps be considered in the nature of a luxury

Mr. Smith would want a telephone at the Circuit House also
